1. Hybrid class format; 2. Offered on both Lawrence and Edwards campus; 3. Available fully on-line; 4. Individual Study and 5. Note that practicum experiences require completion or/concurrent enrollment in the aligned procedures and methods course (i.e., infant/toddler or preschool); permission of your advisor; and timely submission of intent to student teach.

Key Steps to Completing ECU birth kindergarten initial licensure at KU:

1. Possess a baccalaureate degree with a minimum of 2.75 GPA. Note international students who have received a degree from a non-US school will have to have their undergraduate degree reviewed by an approved provider. Please contact your advisor early in the program to check on having this done.
2. Complete KU's approved ECU program – all those noted with * (courses & 2 field experiences) with minimum B for each. Note that B- does not count. Courses are transferred/substituted from another university must at least a B.
3. Passing Score on KU-ECU-KPTP, which must be completed as a part of a supervised field experience. Note that all students, even those with a current Kansas initial teaching license in another area, beginning their program Su 2016 or forward must complete the KPTP – this is a change from prior requirements.
4. Pass the required PRAXIS series. For information regarding Kansas Licensure, go to <http://soe.ku.edu/licensure/>. This website has the information on required licensure exams and application instructions. For ECU license the following two standardized licensure exams should be taken approximately 3-6 months before you have finished all courses and student teaching experiences: PLT: Early Childhood – #5621; Education of Young Children - #5024.
5. Submit appropriate licensure form and fees (this does include a background check)
